

This month at **Landings Credit Union**, we're talking about **currencies**—dollars, euros, yen, pesos, pounds—and the **currency of generosity**.

## WHY INTRODUCE CURRENCIES (AND EXCHANGE) EARLY

### 1. Value changes by place.

Seeing prices in more than one currency builds flexible number sense and a feel for exchange.

2. **Clear words, confident choices.** Names and symbols (€, ¥, £, \$, \$ MXN) reduce confusion in books, games, travel, and online shopping.

### 3. Real-world awareness.

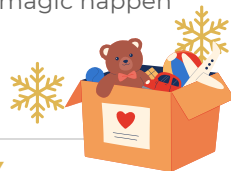

Global money sparks curiosity—and opens a natural conversation about helping families near and far.

## THIS MONTH'S ACTIVITY: SANTA'S INTERNATIONAL TOY WORKSHOP

**World Money Basics:** Santa's elves are on a worldwide shopping trip! From yen to euros to dollars, kids will help the elves pick the right money in each country and see how different currencies make the holiday magic happen around the globe.

## SHARE THE CURRENCY OF GENEROSITY

There are kids around the world—and close to home—who could use a hand. Have your kids choose one thing to donate (toy, warm clothing, pantry staple), pick a drop-off date, and give as a family.

**We'd love to feature your story.** Tell us how your family made the holidays brighter for someone else—reply with a photo or a few sentences, and we may share it (with permission) to inspire others.
