\*APR = Annual Percentage Rate. Balances can be transferred up to your established limit and must be initiated by Landings CU to qualify for this promotion. Promotional balance transfers cannot be applied to any Landings CU loan. Balance transfers conducted and posted January 1, 2023 - February 28, 2023 will receive the 0.00% APR for six months—at which point, the qualified APR will apply. As of January 1, 2023, the lowest APR% for the Landings Rewards Visa is 9.25% APR. Transactions that post after the promotion date, or if your account is in default, will either be declined or be charged the applicable nonpromotional terms stated in your loan disclosures or any subsequent change in terms.
